## Relevant Experience and Accomplishments

04/2020 - present

- ✓ Successfully created, developed and deployed multiple projects. Easy access to the live versions and code in my portfolio website. The following technologies are common to all projects: JavaScript, React, HTML, CSS (Sass).
  - ➔ **Portfolio Website** – Responsive. Accessibility friendly. Desktop-first approach
  - ➔ **Weather App** - Consumes API. Responsive. Accessibility friendly. Mobile-first approach
  - ➔ **Todo App** - Responsive. Accessibility friendly. Mobile-first approach
  - ➔ **Phantasie Online Shop** - ongoing project. Consumes API. Redux
  - ➔ *Boardgame Baseball Highlights Statistics* - ongoing side project that covers statistics and charts
- ✓ Evolved from solving challenges to writing challenges in the Edabit platform. The code is first tested locally using Jest and then with the Edabit testing tool.
